*'A Thought process is executed when there is a
Process of Discussion'*

Being a fresh face at the starting of I semester, many of the things were still unknown for us. Our super seniors, Aishwarya, Abhijit, Pragnya, Lekha, Neha (III BBM 'A') with much effort and enthusiasm conducted "Group Discussion" on different topics i.e were Olympics in India, social media, use of narcotics, cell phone in college, uniform in college were given for the discussion.

Outcome: This Group Discussion brought us **exposure** and **confidence** in public speaking and also helped to improve our **communication skills**, and gave us an **experience** of what the Group Discussion is and how it is takes place.
