

ANNUAL REPORT OF MATHEMATICS FORUM (2014-15)

where Maths means more...

**“Mathematics is a way of thinking
which enables students to see unifying patterns in diverse context”**

Co-ordinator: Ms.Rakshitha

Dept. of Mathematics

We have started our forum in the year 2009 with the motto “where maths means more. . .”. Our purpose is to help the students to improve their knowledge in the field of Mathematics.

Ms .Rakshitha is the staff co-ordinator of ‘Mathematics Forum’. Currently there are 14 students in our forum including secretary as Subeesh .K.S. of IIB.Sc. and joint-secretary as Ankitha pai of IIB.Sc. .In this academic year 2014-15 we have conducted activities like seminars,PPT,puzzle solving,quiz,math games, model exhibition, chess competition, guest lecture etc. to develop self-confidence, thinking ability,knowledge,team work among the students.

The “Model exhibition and competition” organised on 24th February was a huge success with the help of forum students.The exhibition was started at 9a.m..The forum students and other students from B.Sc. classes were exhibited their models that are related to Maths.In this competition Kanchana of IB.Sc. won the first place and Rollin of IIB.Sc.won the second place.The exhibition ended at 2p.m. and was made a great one by the presence of our respected principal and students from various classes.

The next activity which students enjoyed the most was the chess competition conducted on 10th January.

The one more activity is to mention is the guest lecture on 14th March by Mr.Deepak.K.S.,HOD Mathematics Department of P.G.Studies Alva’s College, on the topic “Application of Mathematics in daily life”.In this lecture he introduced the topic ‘Cryptography’ too.

Like this we have ended our forum of this academic year 2014 – 15 hoping that we have touched Maths.

“Mathematics requires thinking. Infact Mathematics is thinking”.
