

Report of English Forum of the year 2019-20

Coordinators: Mrs. Lailamani Shetty

Mr. Winston Dsouza

Secreteries: Sinchana (II BSC), Afseena (II BSC)

English Forum is among the many forums of Alva's Degree College. It is a space for exploring the diverse abilities of the students with particular emphasis on English Language which will mould and prepare the students for the competitive world that we live in today.

The forum for the year 2019-20 had about 45 students and was coordinated by Mrs. Lailamani N Shetty and Mr. Winston of UG Department of English. The forum commenced on 05 July 2019 and introductory remarks were initiated by the coordinators, then the leadership and involvement were offered to the students. A week after, the first-year students joined and a dialogue of introduction was exchanged. Then the forum furthered as planned with activities like guess the word, group discussion, poetry reading, news appreciation, debate and planning and execution of an inter forum competition. With the success of the competition, the forum came to an end for the semester.

The next semester commenced with same enthusiasm and on 28 Dec 2019 the forum began again with quick introductory remarks by the students and with an activity called Headcannons. It continued with the activities like coining new words, MC hunt, find the definition, word building, hypnotize and hypothesize, guess and explain etc. The students were lively engaged in all of the activities and reaped benefits of the same and thus the English Forum for the year 2019-20 came to an end.

With the premise and application of engagement in learning activities for the growth of diverse students, the forum was considerably successful and has had a lasting impression in the minds of students that they will carry along.
