

## BSc in Physics - Course Structure

### Semester-Wise Course Breakdown

Year 1	
<b>Semester 1</b>	<b>Properties of matter</b>
<b>Semester 2</b>	<b>Acoustics, Relativity and Thermal Physics</b>
Year 2	
<b>Semester 3</b>	<b>Wave motion and Optics</b>
<b>Semester 4</b>	<b>Thermal physics and Electronics</b>
Year 3	
<b>Semester 5</b>	<ul style="list-style-type: none"><li>• <b>Classical mechanics and Quantum mechanics.</b></li><li>• <b>Elements of atomic, molecular and laser physics.</b></li></ul>
<b>Semester 6</b>	<ul style="list-style-type: none"><li>• <b>Elements of condensed matter physics and nuclear physics.</b></li><li>• <b>Electronic instrumentation and Sensors.</b></li></ul>
